Sterling's 1947 Catalog

January 30, 1947.

TO MY FRIENDS AND PATRONS:

Please accept this catalog with my very best wishes for your health and happiness for 1947.

I sincerely hope we will all have a successful gardening and farming year. Last year gave us the best crops ever in potatoes and the poorest in tomatoes, although our tomatoes were very promising until the blight struck them.

Our stocks of Garden, Field and Flower seeds are quite complete with the exception of Fordhook Bush Lima Beans and World Record Peas. These items are very short.

We have an exceptionally good stock of Blue Ribbon Brussels Sprout seed, Sterling Erfurt Cauliflower seed, Sure Crop Wax Beans, Mammoth Pod Fava Beans, A&C Cucumber seed, Marglobe Certified Tomato seed, and other items too numerous to mention. Premier, Dorset, Fairfax, Catskill and Mastodon strawberry plants are also in good supply. Prices in this catalog are as low as we can make them, taking into account the cost of labor, material, etc.

Vigoro for your lawn, applied this Spring, will give you a nice green lawn all summer. Then in the Fall, give your lawn a good application of Bone Meal. In that way the grass will get all the necessary elements to make the very best root and top growth possible. This is especially necessary in shade. Ask us for a set of beauty plans when you get 100 lbs. of Vigoro or more.

Agrico is very good for your trees and shrubs. Make a number of holes around your trees as far out as the ends of the branches and put only a small amount in each hole. Pound the hole in and you will see the difference in the growth of your trees. We have a special Agrico for your Azaleas, Rhododendrons and Mt. Laurel.

Thanking you for your patronage in the past and asking for a share, if not all, of your seed and plant business for 1947, I remain,

Yours for better seeds and plants,

RALPH W. STERLING

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided, and your order can be filled more promptly.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more, let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz. and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 3 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one, will you kindly pass it on to someone interested? Thank you.

NOTICE—I give no warranty, express or implied, as to the productiveness of any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop. My liability in all instances is limited to the purchase price.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. We hope they will go down after the new crop is harvested.

Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover, use 15 to 20 lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

Ask for special price on 60 lbs. and over.

Have a Beautiful Lawn!

You'll find that it's really exciting to have a weed-free, velvety-smooth lawn . . . the kind that neighbors envy.

You must start with good seed. Our mixtures are made from high germinating seed in formulas to meet your needs.

But, it does take more than good seed to make a fine lawn. It takes complete plant food! We recommend Vigoro, complete plant food made by Swift & Company. It's balanced for grass.

A PRODUCT OF SWIFT

VIGORO

COMPLETE PLANT FOOD

LAWN MAKING

Our Lawn Grass Seed is mixed from the very best grass seed, recleaned and free from weeds, and we sell many hundred pounds all over Long Island, as there is no better grade seed on the market.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure, if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal or Bovung, especially good for lawns. Use Vigoro on established lawns in early Spring and early Fall.

Sow in the early Spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn, always cover it with a top dressing of sand or soil and fertilizer and rake in. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

No Timothy is ever used in our Lawn Grass Mixture.

Dunraven, N. Y., May 13, 1946.

Dear Sir:—Enclosed find \$1.00 for which please send me a dozen of the blue Violas, same as you sent me recently. They are flowering beautifully and are the prettiest things I have seen in the way of Violas. I hope you have not made any mistake and sent me something else. I am enclosing one bloom so you may see what they are doing. Also I want to tell you the gladioli bulbs were grand, the finest appearing bulbs I have ever received and I have been growing gladioli for fifteen years. I hope the Violas will continue to bloom all Summer.

Yours very truly, Mrs. O. S.

A customer is the most important person we know—on the phone—by mail—or in person.

—he doesn't depend on us—we depend on him.

—he doesn't interrupt our work—he inspires it.

—we don't favor HIM with service—he favors US with the opportunity.

—he's not an outsider to us—he's part of us.

—he's a flesh-and-blood human being with feelings and emotions like ours—has his opinions, too.

—he tells us his wants—it's our job to take care of them.

New Suffolk, L. I., 1946.

Dear Mr. Sterling:—Enclosed is a check for the flowers. It was the most beautiful floral piece I've ever seen and I want to tell you how many people remarked on its beauty. I appreciate your work on it so much.—Sincerely, Mrs. F. H. B.

Southold, L. I., May 21, 1946.—You should see the fruit trees you set out for us a few years ago. We canned 12 qts. of pears last Fall and the trees are full of blossoms this Spring. The cherry trees are loaded, too, after a good crop last Spring. Mrs. S.

Real Estate Department

I have many choice lots, plots, houses, bungalows and farms on my lists for sale. If you are interested in Eastern Long Island Real Estate, get in touch with me at your earliest convenience.

I am always willing to consult, advise or act as your agent if you are desirous of buying out this way or of selling property you own in this vicinity.

I am a Licensed Real Estate Broker and have been buying and selling Real Estate since 1926.

Why not put some of your surplus money into land this year? It will be something you can always enjoy no matter if prices go up or down.

NASSAU FARMS

A sixty acre tract laid out and developed by myself. There are 45 houses and bungalows already built and occupied not only in the Summer time, but some of them are year 'round homes, at Nassau Farms.

I have one large lot with 74 ft. frontage on Bay Avenue and over 240 ft. in depth. This lot overlooks Peconic Bay and faces the south, where the prevailing winds come from. All adjoining lots have been sold and several new homes are under construction.

Ned's Garden. A plot with 150 ft. frontage on Bay Avenue. 160 ft. on the East side and 237 ft. on the South side. Could sell a nice plot with woods, meadowland and water front directly in front if desired. Priced very reasonable.

Plot No. 105, a four-acre plot of good soil, suitable for any crop. This plot has 70 ft. of frontage on Bay Avenue and 20 ft. on Baldwin Creek and over 900 ft. in depth. Good terms can be arranged.

Five large lots on Lilac Lane and 400 ft. fronting on Sterling Road. Some of this property is wooded and some is clear land. From 150 to over 200 ft. in depth. Your choice of any of these lots and plots at \$12.00 per front foot. Nothing less than 70 ft. sold.

STERLING INLET AND MANY OTHER LOTS AT NASSAU POINT

Three large lots at Nassau Point, Nos. 224, 225 and 226. These lots front on Wunnewetta Harbor on the west and there is good depth of water from these lots through a deep channel to Peconic Bay. Each lot has more than 100 ft. frontage on the water and over 300 ft. in depth.

Many oak trees cover the whole plot and there is a small pond in the center. The combination of high and low ground makes this plot one of the potential beauty spots of Nassau Point. The view from these lots is unsurpassed.

The three lots are to be sold in one large plot only, not separate, and I have priced them all for \$6,000.00. One-third cash, balance at 4%, if desired.

Five large wooded lots on Broadwaters. A wonderful view and a good harbor make these lots an outstanding buy. I have recently sold four lots on Broadwaters, and three of the buyers have built nice houses on their lots. Why not look these lots over while the choosing is good.

FROM

RALPH W. STERLING
Seed and Plant Farm
CUTCHOGUE, L. I., N. Y.

by HORACE C. CARLISLE

We don't promote prosperity
When we discourage thrift—
We don't by weakening the strong
Give to the weak a lift.

We've never yet helped small men up
By tearing big men down—
It does not help the poor to break
The rich in any town.

We can't keep out of trouble if
We spend all our income—
We can't secure world brotherhood
By stirring strife at home.

We can't have sound security
On money that's a loan—
We can't in men build character
If we've none of our own.

We can't give courage, yet destroy
Men's independence—nor
Can anything but hope for peace
Make sane men turn to war.

We can't help men by helping them
To feed from public shelves—
The only way to help men is
To help them help themselves.
